If your year 2000 XK8/XKR lower right cylinder port has this type of connector (threaded nut), you will need P/N HJA8252AA for hoses UR & LR. All 1997-1999 XK8/XKRs use this connector.

If your year 2000 XK8/XKR lower right cylinder port has this type of connector (clip), you will need P/N HJC8252AA for hoses UR & LR. All 2001-2006 XK8/XKRs use this connector.

*Note: the information on this page applies only to right side main cylinder lower (LR) hose connector for the year 2000 XK8/XKR. Use this information to confirm which connector type you have before ordering the hose. The pictures above show the two connector types with Cabriolet Hydraulics hoses installed.*
